deliveries@magicbreakfast.com

Hello!

We hope your child will enjoy this package of breakfast food.

Your child goes to a school that is supported by us – Magic Breakfast – and can eat our breakfast food there each morning during term time. We're sending you this pack to help keep up healthy breakfast habits through the summer holidays too.

Amazon have delivered your parcel, and your child's school passed on your address so it could be brought to your door. The school should have asked your permission to pass on your details for this purpose. The food and delivery is not costing you anything.

We will send you a package of breakfast food every two weeks until the new school term begins. We can't change the timing of the delivery, or what is in the package, although the type of cereal might change from week to week, depending on what we have in stock.

Please turn over for more information. If you have a question that isn't answered on the information sheet, and you need to contact us, please call: 020 7836 5434 or email deliveries@magicbreakfast.com.

We hope that you and your family are well and staying safe.

Best wishes from,

Magic Breakfast.

Breakfast home delivery – your questions answered

- **What's in the pack?**
  You should find in your box:
  - 1 pack of 5 New York Bakery Co Bagels.
  - 1 box of popular brand low sugar cereal.
  - 1 box of Quaker Oat So Simple porridge sachets.

- **Who has delivered the pack?**
  - The pack was put together and delivered for free by Amazon.
  - If the box is missing something, or anything is damaged, let us know by email (deliveries@magicbreakfast.com) or call us on 020 7836 5434.

- **How often will I get a pack?**
  - We will send you a package of breakfast food every two weeks until the new school term begins and your child has the opportunity to eat breakfast at school again. We can't change the timing of the delivery, or what is in the package, although the type of cereal might change from week to week, depending on what we have in stock.

- **Do you have to cook bagels?**
  - No, the bagels don't need to be cooked, but we find they taste best when toasted.

- **Why is there a milk voucher in the pack?**
  - We may also include a milk voucher in one delivery, if we have enough in stock. If you receive one you can exchange it at most large supermarkets for one bottle of Cravendale milk. The milk is fresh (not UHT/long life) and is found in the fresh milk section.

- **My child has an allergy – is the food OK for them?**
  - Please check each packet of food for ingredients and allergens.

- **What will happen to my contact details when the deliveries stop?**
  - Your address and email will only be used to provide your child with breakfast deliveries. Only your child's school, Magic Breakfast and Amazon has access to this information. When deliveries end, all the delivery address lists will be destroyed and Magic Breakfast and Amazon will not have these lists any more.
