Pupil Child Protection Policy

What is Child Protection about?

- All of the adults around you think that your health, safety and welfare are very important
- In our school, we respect you and help to protect your rights
- We do our best to help you do your best in school
- We teach you how to recognise risks in different situations, and how to protect yourselves and stay safe

How will we try to protect you in school?

- We try to provide a safe environment for you to learn in
- We want to help to ensure that you remain safe, at home as well as at school
- We think it is important that you know where to get help if you are worried or unhappy about something
